

## **Education Development Center, Inc.**

Professional development and curriculum consultants for the NPASS project.

## **State NPASS Leadership Teams**

*(Currently in: CA, KS, KY, MD, MN, MO, NH, NJ, OH)*

These state agencies support NPASS training and programming in their state and ensure that all science trainers have NPASS materials (*kits*).

## **NPASS Science Trainers**

NPASS Science Trainers attend biannual Train-the-Trainer Institutes in their state and lead six workshops per year for afterschool staff in their city or county.

## **Staff at NPASS Afterschool Sites**

Afterschool sites commit to sending staff and administrators to NPASS workshops six times each year. Sites provide the facilities and space as well as schedule NPASS projects at least once per week throughout the school year.

## **Students**

Students from elementary, middle and high schools in afterschool programs sign up for a “science club” that meets on a regular weekly schedule with a consistent, NPASS-trained staff person or youth worker.
